# my projects

Tired of doing laundry? We've got you covered!  
Quick pickup and delivery right at your doorstep.  
fresh, clean, and neatly folded every time.  
Affordable rates with premium care.  
Relax - we wash, you wear!

# purple laundry

The client really needs a logo, which may have a small icon and a text part, so i started the logo part and i finilised with the one in my left hand side. client really loved the logo i have created to them. their shop has a color tune and the client have called his color selection, still the client works with me for all his posters and other special brochures.

# break down

About the logo typography stangith regular is a wonderful font the perfect one according to the client brief , the clent has alredy a old logo and they are unhappy with it, so they come to me for an option so they have a color alredy, and i start using circles and arches to come up with this idea, and the buble design i can use in brochure and their package etc. after the print out of the card, it looks really good.

# NDA

NDA Securities Limited, a BSE-listed company and a registered trading member of both NSE and BSE, also operates as a depository participant with NSDL. As a reputable and trusted stockbroker in the financial industry, we offer our clients a comprehensive range of services, including equities, equity derivatives (futures and options), depository services, mutual funds, IPOs, and dedicated customer support.

# polo design

**WE MAKE INVESTMENT EASY**

# break down

The logo combines a bold wordmark "NDA" with a modern abstract symbol. The icon uses smooth gradient curves forming a balanced, symmetrical shape. Its purple-blue tones convey trust, innovation, and financial growth. The strong black typography adds stability and professionalism. The tagline "We Make Investment Easy" reinforces a clear brand promise. Overall, the design feels confident, approachable, and investment-focused.

The Ooredoo logo consists of the word "ooredoo" in a white, lowercase, sans-serif font, where each letter is contained within a red circular shape. The circles are arranged in a slightly overlapping, horizontal line.

ooredoo

Enjoy the Internet

A large, ornate, multi-story building with a central tower and arched windows is illuminated from within at night. The building is set against a dark blue sky with some clouds. In the foreground, there is a dark, flat area, possibly a field or a road, with some faint, glowing light trails. The overall scene is a mix of traditional architecture and modern digital aesthetics.

Ooredoo internet delivers fast and reliable connectivity for everyday needs. It supports smooth streaming, online gaming, and work from anywhere. Affordable plans make it accessible for a wide range of users. Coverage continues to expand, improving service quality across regions. Customer support helps users stay connected without major interruptions. Overall, Ooredoo offers a strong, convenient internet experience for modern life.

## Personal Presentation

**ooredoo**  
استمتع بالإنترنت

Ooredoo 5G brings lightning-fast internet that changes the way people connect. It offers ultra-low latency, making gaming and live interactions feel instant. Streaming videos in 4K and 8K becomes smoother with no buffering issues. Large files download in seconds, improving productivity for users.

## Personal Presentation

The network is built to support smart devices and advanced digital services. Businesses benefit from higher efficiency and reliable communication. Coverage continues to expand, reaching more cities and communities. It enables better VR and AR experiences for entertainment and learning.

A vibrant advertisement for Ooredoo's 5G service. The background is a gradient of teal and blue. In the top left, a large red circle contains the text 'Everything is possible with 5G' in white, with '5G' in a stylized font, and 'Speed up to 100 Mbps' below it. To the right, the Ooredoo logo and tagline 'Enjoy the Internet' are displayed. A smaller red circle contains the text 'Call 1514'. The central focus is a large, 3D red '5G' graphic. A man in a white thobe and ghutra stands to the left of the '5G' letters. Various smart devices are integrated with the graphic: a drone flies above the '5', a smartphone is attached to the 'G', a smartwatch is at the bottom right, and a car is at the bottom left. A white 5G antenna tower is positioned behind the 'G'. The text 'Terms &amp; conditions apply' is visible in the bottom right corner of the graphic.

## Personal Presentation

# app store

Apple's official marketplace for iOS, iPadOS, watchOS, and tvOS apps. Millions of apps span utility, productivity, gaming, entertainment, education and more. Developers submit apps through Apple's review process to ensure security and quality. Users can download free apps or purchase paid tools, games, and subscriptions. The store is deeply integrated into Apple's ecosystem, making installation seamless.

## Personal Presentation

Akhil CS

akhilgvr63@gmail.com

# ramadan

Regular updates keep apps current and provide new features or patches. Curated collections and editorial features help users discover trending or high-quality apps. App Store supports in-app purchases and subscriptions, with Apple handling billing. Privacy labels and user ratings assist in making informed download decisions. Overall, the Apple App Store is a foundational hub for mobile services on Apple devices.

+91 8714113751

## Personal Presentation

# gully cricket

The app brings fantasy cricket to the U.S. and Canada with real cash-prize contests based on live matches. You pick players for upcoming matches from leagues such as the Indian Premier League, Big Bash League and others. Entry fees vary and the prize pools can be substantial, with instant withdrawals possible. The interface is friendly, you join a contest and watch your chosen team perform live. The goal is both fun and skill-based competition among cricket fans in North America.

# cricket app

Behind the app is a clear business model: you deposit funds, select a contest, pick your players subject to credits, and then track your team's performance in real-time. The app also offers bonuses like sign-up credits and referral rewards to incentivize participation. While the core is fantasy cricket, the platform also includes other sports such as football and kabaddi to broaden appeal. Legal compliance is emphasized: in the U.S., fantasy sports like this are classified as skill games under certain laws. However availability may vary by state due to local gambling regulations.

## Personal Presentation

# gully cricket

From a user perspective, this app offers a high-engagement experience for fans who want more than just watching matches they get to actively participate and potentially win money. Real-time data and live match tracking make the experience immersive. You'll want to approach it with clear strategy: understanding player form, match conditions, and contest sizes can improve your odds. The app is easy to get started with, but competition is serious and you'll need discipline to play responsibly. As with any cash rewards platform, staying within your comfort zone and treating it as entertainment rather than guaranteed income is wise.

The promotional banner for the GullyCricket app features a dark teal background with a pattern of white dots. At the top right is the GullyCricket logo, which includes a cricket stumps icon and the text 'GullyCricket'. The main headline in large, bold, yellow letters reads 'GET \$10 FREE ON SIGNUP'. Below this, there are two buttons for downloading the app: 'GET IT ON Google Play' and 'Download on the App Store'. A hand is shown holding a smartphone that displays the app's interface, which includes the GullyCricket logo, the text 'Play Fantasy cricket win cash prizes', and the same download buttons. At the bottom of the phone screen, there is a white input field with a plus sign and the text '+1 | Your Mobile Number'. The background of the phone screen shows a cricket player in a blue uniform.

# Paving the future

Highway Paver Portfolio **XD series**

# New generation paver

Highway Paver Portfolio XD series

It's not just about getting the job done - it's about transforming how the job feels. With **Dynapac XD series**, you're not just paving roads - you're paving the future.

At Dynapac, we believe innovation should feel as natural as the work you do. That's why we created the new generation pavers – designed to extend your skill and elevate your every move.

The XD series is all about intuitive control, where every feature adapts seamlessly to your workflow, creating a unique interaction between operator and machine. The XD series doesn't just help you perform – it enhances your precision, comfort, and efficiency, allowing you to exceed expectations on every project.

Built for long-term reliability, the XD series offers an extended lifespan, delivering even greater value and a higher return on your investment.

Whether it's turning obstacles into opportunities or simplifying complex tasks, the XD series combines advanced technology with operator-friendly controls, ensuring that every task is completed with confidence and durability.

The new XD series represents a paradigm shift in both function and design, engineered to fully support the operator at 100% for excellent paving results.

## ...for the next generation operator

### SETTLE INTO COMFORT

The workplace adapts to human needs, offering maximum adjustability — customizing taken to the next level for your comfort and health.

### ENJOY PAVING - WITH PAVEOS PRO

It's your new operating system, PaveOS Pro, with customizable widgets and function buttons following your personal work needs.

### STABILITY & SUPERIOR

Stable Screeds and High Compaction Technology — you can, of course, take it for granted.

### DIGITAL ASSISTANCE

Dynalink, Nexus and Level Control 3D Pro.

# Settle into comfort

The XD Operator Workspace

The **workspace** adapts to human needs, ensuring maximum **adjustability and customization** for intuitive operation.

## TAKE A SEAT AND MAKE YOURSELF COMFORTABLE

Your new XD workspace offers maximum comfort and clear visibility. The seat is almost infinitely adjustable to suit your needs. The adjustable seat damping allows you to customize the suspension to your specific comfort requirements, ensuring a smooth and tailored experience. The armrests are fully adjustable, providing perfect support to minimize fatigue and improve long-term use.

Thanks to the swiveling seat design, you can easily rotate for optimal visibility and control, adapting to any task.

The seat also offers forward and backward adjustability, allowing you to fine-tune your position for ergonomic comfort throughout the workday. Additionally, the high backrest provides extra support for extended hours of operation, helping you stay focused and reducing strain.

It feels like home: Maximum convenience with interior lighting, weather protection, ample storage compartments and cup holder.

You won't even notice how time flies while you're working. When winter arrives, the seat heating ensures warmth and comfort.

It doesn't get any better than this. Stay strong and healthy!

## ... it's about flexibility

### INNOVATIVE SEAT MOBILITY AND ALL-AROUND VIEW

The integrated camera system enables a full 360-degree view.

### OPTIMIZED CABIN SPACE

On seat, more space.

### 45° SWING-OUT MOVEMENT

Even more visibility with the swiveling seat.

## ... all-in-one

### WORLD-FIRST SEAT INTEGRATED PAVING CONTROLS

Ergonomic Design. Widgets and display just a finger swipe apart. All integrated into the armrests.

### MOVABLE DISPLAY

Decide the position of the display – right or left.

### IMPROVED ALL-AROUND VISIBILITY

That means Safety - No control panel in sight.

### NEW PAVEOS PRO

The most intuitive Operation System.

# The joy of intuitive control

New Operating System PaveOS Pro

Effortless navigation and automation, a clear structure and intuitive controls. **PaveOS Pro** can be personalized to your individual preferences.

Discover the new operating system that will revolutionize the way you work. With its intuitive console and larger touchscreen, you always have everything in view. The simple layout and clear structure ensure effortless operation, even when navigating submenus.

The Split Screen mode enables efficient multitasking, while customizable widgets optimize your workflow.

#### A KEY HIGHLIGHT

The entire paving functionality, including leveling, can be controlled directly from here.

Press one instead of four: Start your day with a single push of a button to optimally fill the machine with asphalt. Activate all functions at once—the new AUTO button streamlines your work, allowing you to focus entirely on the paving process.

# Simple, Stable & Superior

Dynapac Screeds

Dynapac offers the **most stable screeds**, but also has the capability to handle the widest range of materials **across every layer**. We are number one choice for **High Compaction Technology**.

**BEST IN CLASS** - Designed for precision and efficiency, this system features adjustable pressure and an intelligent lift system. The high-compaction unit ensures durability with minimal wear and no daily service required. Integrated heating and automatic height adjustment deliver consistent performance across different paving modes.

#### ADVANTAGES?

Reduced wear for longer equipment life, lower noise levels for better worksite conditions, and flexible operation with a liftable high-compaction bar when not in use.

#### GAS OR ELECTRIC HEATING?

Dynapac offers two screed heating options: Electric and Gas.

#### Electric Heating

No gas bottle replacements, with a heat-up time of around 40 minutes.

#### Gas Heating

Quiet operation, reduced fuel consumption, and no generator needed. One gas bottle lasts about a week, with space for two. Low-maintenance design and a heat-up time of approximately 25 minutes.

**IT'S YOUR CHOICE!**

Check out our Screenshot Configurator

## ... one step ahead

### ANGLE OF ATTACK PRE-SET

Use the QuickLever to pre-set the screed's angle of attack effortlessly and save time.

### 4-TUBE SCREED DESIGN ON VARIO SCREEDS

Engineered for rigidity and reliability.

### VIBRATION SYSTEM

Boosts asphalt density by applying precise oscillation forces.

### TAMPER SYSTEM

Ensures uniform material distribution for a consistent base for durability and precision

# At your command

Level Control 3D Pro

## Redefining your standards with Level Control 3D Pro & Open Interfaces

Dynapac's latest digital innovations enhance precision and flexibility in road construction. Level Control 3D Pro and Open Interface ensure seamless integration and precise control, boosting efficiency and quality.

### LEVEL CONTROL 3D PRO – PRECISION AT YOUR FINGERTIPS

Dynapac's independent Level Control system uses our sensors and advanced filtering algorithms for precise leveling. It integrates seamlessly with PaveOS and offers various sensor options:

**Sonic Sensors** for scanning string lines or surfaces.

**Slope Sensors** for precise angle detection.

**Level Control Ski** with multiple linked sensors for optimal averaging.

The new Level Control 3D Pro interface (depending on the package) also controls screed width and height, steering, and crowning. Dynapac remains open to third-party solutions, ensuring compatibility with systems like Moba SuperSki.

# Connected – here and now

Digital Assistances

## OPEN INTERFACE – SEAMLESS THIRD-PARTY INTEGRATION

Dynapac's open interface technology allows easy integration of 3D leveling systems from Topcon, Trimble, and Leica. Bidirectional communication between the machine and external controls ensures smooth operation, giving construction companies full control over their data with plug-and-play compatibility.

And of course, documentation systems like DYNALINK and NEXUS can be connected.

## INNOVATION FOR MAXIMUM EFFICIENCY

Dynapac focuses on precision, seamless integration, and user-friendly operation. With Level Control and Open Interface, you gain superior control, simplified handling, and greater flexibility on the job site.

## DYNALINK

With DYNALINK Fleetmanagement you can track and monitor your machines conveniently from the office, always knowing where they are and if they are running. The user has a powerful tool that provides him with detailed, real-time information across their entire machine fleet.

The system allows advanced machine monitoring and significantly increases your machine's up-time due to integrated service monitoring solutions with DYNALINK Pro.

Fleetmanagement with **DYNALINK** and full integration of all machines with **NEXUS Jobsite Documentation Suite**. Optimize planning and execution while ensuring precise data recording and real-time analysis of all relevant information.

# NEXUS

How can a perfect machine become even more efficient? By fully integrating it into the construction process and making it benefit from big data.

With NEXUS Job Site Documentation Suite.

This easy-to-use system supports construction managers throughout the entire process, including compaction, asphalt planning, temperature control, compaction control and more – providing comprehensive planning and reporting capabilities.

Of course, all data is available in real time.

## Personal Presentation

# airbin stay

Staying at an Airbnb-listed resort brings the luxury of resort living with the flexibility of vacation-rental style. Guests enjoy spacious accommodations often suites, villas or full residences within a resort setting. Amenities typically include pools, gyms, on-site dining or spa services, giving a true resort feel. Unlike traditional hotel booking, you often book via Airbnb's platform and can sometimes get more space for your group. It blends the comfort of "home away from home" with full resort perks.

Akhil CS

akhilgvr63@gmail.com

+91 8714113751

## Personal Presentation

**"Airbnb Resorts**  
*Stay for free*  
**JUST PAY FOR  
THE COMFORT"**

# airbnb resorts

Because the property is part of Airbnb's resort-category listings, you'll often have more privacy and autonomy. You may have access to kitchens, multiple bedrooms, and your own living-area, which is great for families or groups. Check-in/out and rules follow the host's listing rather than a hotel front desk. You'll still want to review resort specific charges (resort fees, cleaning fees, security deposits) and confirm what amenities are inclusive. It gives you a "resort vacation" feel but with more flexibility and control.

Akhil CS

akhilgvr63@gmail.com

+91 8714113751

## Personal Presentation

# airbin story

Choosing an Airbnb resort stay demands a little extra planning compared to a standard hotel reservation. Read reviews closely to verify access to the resort amenities and how the listing is integrated into the resort environment. Check location, access to common facilities (pool, beach, clubhouse) and any special rules for resort-guests via the host. Budget accordingly for additional fees not always obvious at first glance. In the end, it can offer a standout vacation experience: resort style comfort, tailored space, and the ease of booking through Airbnb.
